**3. HOW THURSDAY POWERBALL SPORTSBINGO IS PLAYED**

The objective of the game is to match the numbers on the subscriber's card with the seven (7) Thursday SportsBingo numbers and one (1) Powerball number drawn each Thursday night in Melbourne, Australia by an operator licensed by the Australian State Government. A total of seven (7) balls are drawn from a barrel containing thirty-five (35) balls numbered from 1 to 35. These seven (7) balls drawn are called the Thursday SportsBingo numbers. Then one (1) ball is drawn from a separate barrel containing twenty (20) balls numbered from 1 to 20. This one (1) ball is called the Powerball number. There are a total of ten (10) prize levels. The drawn numbers will be displayed on MCV TV channel 10 at approximately 9.15 PM draw night, and will be publicized at all selling outlets the day after the draw.

A subscriber's entry card always has a total of twenty-five (25) numbers in a 5x5 grid. The numbers range from 1-35. The seven (7) shaded numbers in the middle of the card are the major prize numbers. To the right of the grid each entry card contains from four (4) through twenty (20) Powerballs.

At the time of purchase from an authorized retailer, a subscriber selects one of two ways to play -

1. A "Standard Play" entry costs \$9.00 per card (or as subsequently adjusted and advertised by the operator), and consists of twenty five (25) numbers in the 5x5 grid plus four (4) Powerballs to the right of the grid.
  
2. In addition to a "standard Play" entry, players have the option to select additional Powerballs for a cost of \$2.00 per extra Powerball (or as subsequently adjusted and advertised by the operator).
